

Editor's note

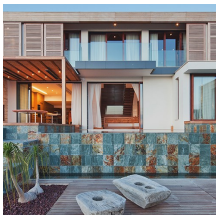

The buying season has now kicked in and our featured property is a 'stand-out' villa. The real photographs show a similar but smaller property already built. With a price tag of €3,850,000 plus VAT this is for a very serious buyer.

For those of you who received our market review last month you may wish to see the review carried out by Resolute Asset Management in this month's newsletter. It will give you other perspectives and help to broaden your own views.

'Cyprus Connections' is a start-up company, which can provide you with a whole host of services that maybe you haven't found anywhere else in Cyprus. Have a look at their website and ask them how they can help you.

Finally, if you open nothing else, please take a look at the video at 'Pafos City' which we believe is one of the best promotional videos for Paphos and Cyprus.

Featured Property

Ref: 1540 - 4/5 Bedroom Villa - Aphrodite Hills

Inspired by contemporary Balinese architecture and with the seamless integration of eight separate water features, this outstanding villa provides a tranquil, natural living environment and will be one of the finest properties Cyprus has to offer. Due for completion in Summer 2018. [Read More](#)

Pafos 2017

The month of February saw the beginning of what is going to be a tremendous year of activities and events in Pafos. Amongst other specific events related to the Pafos 2017 programme, the Paphos and Limassol Carnivals were a resounding success! March's programme is quite varied and worth a look! For more news and events: [Read More](#)

Cyprus Real Estate Market Report 2016

Local and international economic conditions have contributed to a growing real estate market in Cyprus. In it's annual report, *Resolute Asset Management* provides a review of the Cyprus Economy and its' real estate market for 2016 and a 2017 forecast. [Read More](#)
